**HUMIC** SOIL CONDITIONER  
BY LIVE EARTH PRODUCTS

*Naturally mined 3.0 pH dry product.*

**LiveEarth**  
PRODUCTS

### Product Features

- Premium all-natural, granular product, for use on all crops
- Increases organic matter concentration in the soil
- Delivers highest humic acid and organic matter content for all granular products
  - Humic acids naturally promote healthier roots and soil
  - Humic acid may also increase uptake of nutrients
- High carbon content guarantees balanced carbon-to-nitrogen ratios necessary for maintaining healthy soil.
- Sulfur is an essential mineral and contributes to the conditioning of the soil and assists in reducing the sodium content. The intake of sulfur produces vitamins, amino acids, enzymes and proteins.
- Humic Soil Conditioner is a mined ancient plant deposit.

### Guaranteed Analysis

- Sulfur (S) – 1.50%
- Iron (Fe) – 1.50%
- Also contains 45% humic acid derived from 100% humic shale ore

### Recommended Application Rates and Methods

- It can be safely applied at any time during the growing season without risk of burning
- Safe for use around pets and children
- Water in after application – may take several irrigation cycles to completely dissolve
- Apply upward of 1000 lbs per acre annually
  - Row Crops: 250-500 lbs per acre
  - Tree Crops: 250-500 lbs per acre

*Adds  
organic  
matter!*
