# LIQUID 6 LIQUID HUMIC ACID BY LIVE EARTH PRODUCTS

*The premier liquid soil conditioner with 6% humic acid.*

## Product Features

- Organic soil amendment for use on all crops
- Increases organic matter concentration in the soil on established plants
- Used on soils that have low organic matter and high salts
- Contains highest humic acid and organic matter content of all Live Earth Products
- May increase uptake of nutrients like phosphate and iron
- Liquid 6 is derived from humic shale ore, a mined ancient plant deposit

## Guaranteed Analysis

- 6% humic acid derived from humic shale ore
- Low in ash, no fillers, binders or other additives

## Recommended Application Rates and Methods

- It can be safely applied at any time during the growing season without risk of burning
- Safe for use around pets and children
- Blends well with most liquid fertilizer
  - Can react with acidic fertilizers causing it to gel. Always conduct a jar test before tank mixing.
  - Buffer concentrate with water to pH 6.0 before adding humic acid
- 40:1 water to Liquid 6 ratio or water in after application
- Apply 2-8 gallons per acre annually, 3-4 times per year, or as needed
  - Row Crops: 3-4 applications per season with 1-2 gallons per acre
  - Tree Crops: 3-4 applications per season with 2-4 gallons per acre

*Adds  
organic  
matter!*
