**PENNY
NEWMAN**
GRAIN, INCORPORATED
Established 1878

Penny-Newman supplies the leading varieties of wheat and triticale seed in California.

With Syngenta genetics, Penny-Newman provides growers with seed bred specifically for California's growing regions.

Syngenta varieties consistently place on top of independent yield trials for grain and forage use, and Syngenta milling wheat varieties set the standard for quality by end-users.

Wheat

	Class	Awns	Boot Silage	Soft Dough Silage	Hay	Grain
Summit 515	Hard Red	Yes		✓		✓
